

**Fresh Start Careers, LLC Announces Partnership with The National Résumé Writers' Association;
Launches Official NRWA Resume Database and Candidate Referral Program**

Ambler, PA, August 8, 2016 – Fresh Start Careers, LLC, a full-service, boutique, women-owned staffing agency, and the National Résumé Writers' Association (NRWA), the only nonprofit, member-driven résumé writers' organization in the world, have joined forces in a strategic alliance that furthers both organizations' ultimate goal of helping clients – the job seekers. Through this unique partnership, NRWA members can expand their service offerings and earn significant passive income at the same time ... with just a few mouse clicks.

Fresh Start has partnered with a cloud-based CRM software solutions provider to develop the 1st official resume database of the NRWA community. This user-friendly platform allows NRWA members to quickly and easily upload their library of professionally-designed resumes into the database. Utilizing state-of-the-art technology, this software streamlines the candidate management process, from sourcing to submittal.

Resume clients, who invest in professional writing services, typically represent the top caliber candidates that companies want. This platform is a central repository of premium talent. It offers a unique opportunity to tap into this deep pool of highly-qualified individuals.

If a client is selected for a position through Fresh Start, the author will be eligible for a \$500 referral fee. Alternatively, if an NRWA member refers a corporate client to Fresh Start for staffing services, s/he will be entitled to a \$500 referral fee upon placement. No strings attached – it's pure profit-sharing!

"I am thrilled about this novel partnership. There is so much potential to elevate our individual businesses and the NRWA community as a whole. It's a win for our clients, a win for our members, and a win for our association." said Kate Madden, MBA, CPRW, President of both Fresh Start Careers LLC & Fresh Start Resumes LLC.

About Fresh Start Careers, LLC

FSC is a women-owned full range career services firm offering recruiting and staffing support for small to medium-sized businesses. Building on the momentum of the Fresh Start brand, now in its sixth year of resume writing, FSC spearheads talent acquisitions. Relatability and personalized approaches are hallmarks of the Fresh Start brand.

About The NRWA

The mission of The NRWA, a nonprofit trade association for professional résumé writers, is to increase the visibility of the industry, encourage ethical practices, promote excellence, and raise industry standards through peer marketing and training.
